Dear Mr. Mason:

Hope you all are doing well. My name is Hashmi Quazi and I reside in the City of Riverside. I have a PhD in Civil/Geotechnical from University of Arizona, Tuscon and a registered civil and geotechnical engineer in the State of California. I have been practicing in my field for over 38 years.

My review of the technical reports for the Crescent Gardens project suggest that it is one of the best use of the rural land. There is no impact of any surrounding community or the subsurface condition (such as groundwater). It will provide a separate cemetery for the Muslim communities from the surrounding areas.

Considering the low impact of the project, I strongly this project. We hope you will review the technical facts and respect the sentiment of the Muslim community in hole heartly supporting this project.

Thank you and enjoy the long weekend.

Hashmi Quazi, Ph.D., G.E
